

LETTER OF ENGAGEMENT & OFFER OF EMPLOYMENT

Candidate Name:	Sanjay Nanda N J	Date:	August 2, 2026
Position Title:	Founding Systems & Platform Lead	Reporting To:	Aditya (Founder & CEO)

Dear Sanjay Nanda N J,

We are delighted to formally offer you the position of **Founding Systems & Platform Architecture Lead** at **Repairo Inc.** We were deeply impressed by your background as **Ex-Associate @ BlackRock (Private Markets Technology)**, **Head of Engineering @ MarginX**, and **Fractional CTO**.

1. Role & Scope of Ownership

As Founding Systems & Platform Architecture Lead, you will hold executive engineering ownership across our core systems architecture, AST engine, and cloud platform:

- **AST Transformation & Compiler Engine:** Own the core TypeScript Compiler API and Tree-sitter AST transformation engine that deterministically parses and rewrites broken codebases without syntax errors.
- **Enterprise Platform Architecture:** Architect scalable microservices, containerized services (Docker/Kubernetes), and cloud pipelines on AWS and Railway.
- **Agentic Workflows:** Design agentic workflows using LLMs, vector search, and tool-calling to validate code patches against test suites before opening Pull Requests.

2. Zero-Retention Security Guarantee

Zero-Retention Memory Security Guarantee:

Repairo parses customer code strictly in volatile RAM with an immediate ~24ms purge cycle. All IP and software contributions are protected under formal startup IP assignment agreements.

3. Equity & Engagement Terms

- **Position Level:** Core Founding Executive
- **Founding Equity:** Allocation in the Founding ESOP Pool under the Sarvam Startup Program structure.
- **Work Setup:** Hybrid / Remote

We are thrilled to welcome you to the founding leadership team as we build Repairo into a global developer platform.

Aditya

Founder & CEO, Repairo Inc.

[Signed Electronically]

Sanjay Nanda N J

Founding Systems & Platform Lead
